

Case Study | Stroud Hospital Jubilee Ward & MIU

Client	Glos Hospitals NHS Trust
Main Contractor	Speller Metcalfe (Malvern) Ltd
Architect	Anderson Architecture
Contract value	£750,000 (Mech)

Neptune Building Services have worked with Speller Metcalfe (Malvern) Ltd and Gloucestershire Hospitals NHS Foundation Trust to carry out the refurbishment of the existing Jubilee Ward and MIU Department at Stroud Hospital.

We completed the mechanical services installation as detailed below:-

Domestic services, Heating Services, ventilation, medical gases, ductwork, insulation

The project required extensive and regular co-ordination meetings with the Trust, to work alongside as well as maintain fully operational adjacent zones throughout the term of the contract – this being particularly difficult due to the enhanced protocols associated with COVID-19 in the Hospital during the duration of the contract works.
